Sweet Evelina

Way down in the meadow where the lily first blows.
Where the wind from the mountain new ruffles the rose.
Lives fond Evelina the sweet little chum
The pride of the valley the girl that I love

Chorus

Sweet Evelina Dear Evelina
My love for thee shall inn die

She's straight as a post like an el she is slick
And she nere was known to put paint on her cheek
Her neat graceful curls hangs her raven black hair
And she never requires perfumery thine Chorus

Evelina and I one fine evening in June
Took a walk all alone by the light of the moon
The plants all shone for the heavens were clear
And I felt round my heart most mightily queer Chorus

Three years have gone by and I've not got a dollar
Evelina still lives in the green grassy hollow
Altho I am fated to marry her never
I'm sure it will last for ever and ever

In The Star Leighs

In the star leighs - In the star leighs - let us wander gay and free
For there is nothy in the gay light half so dear to you and me
Like the fairy in the shadows o'er the woods we steal ~~away~~ along
And the sweetest days we'll warble for the night was made for song
When our boys to listen or to chide us in our glee

Chorus

In the star leighs - In the star leighs - at the days decay close
When the nightingale was singing his last love song to the rose
In the calm clear night of summer when the breeze of July blows
From the glitter of our dwelling we will gently steal away
When the silvery waters murmur by the margin of the sea

Chorus

Dip boys dip the oar

'Tis moon light on the sea boys
Our boat is on the strand
She bids us wake our song boys
And steal away our care

Chorus

Dip boys dip the oar bid farewell to the dusty shore
Freedom's ours shall be as we cross the deep blue sea

The zephyrs woo the spray boys
Their laughter fills the air
She bids us wake our song boys
And steal away our care

Chorus

What though the dark rocks form boys
Their home is on the shore
When fairer land appear boys
Our dangers will be o'er

Chorus

Near the Old Plantation

Near the Old plantation at the close of day
Stood a weary mother and her child
Listining to the sun beams along the valley way
While her trembling heart was trubbling wide

Chorus
Glory Glory how the freeman sang
Glory Glory how the old woods bang
It was the loyal army sweeping to the sea
Flinging out the banner of the free

Fly my precious darling of the union camp
I will keep the Hawks and Hunters near
Go right through the forest though tis dark and damp
God will keep you dear ones never fear

Chorus
When the blazing camp fire glimps amid the woods
And the boys would hunt her for the nights
And through all the marching little rosy stood
Stood the weary mother and her child

Chorus
Then the brave old gunner took her in his arms
Thinking of his own dear ones at home
And through all the marching and they had the alarm
Safely brought the little locks to town

Chorus

Farwell song of Enoch Ardon
or I'll Sail the Seas Over

Cheer up Annie darling
With hopeful emotion
Tomorow our parting must be
I'll sail the seas over
I'll cross the wide ocean
I'll sail the seas over for thee
I will not forget thee
Oh never no never
I cannot forget thee I know
Thy smile, like a phantom
Will haunt me forever
And cheer me where'er I may go

Chorus

Good bye Annie darling
Break off from thy sorrow
'Tis said that our parting must be
I'll sail the seas over
I'll cross the wide ocean
I'll sail the seas over for thee

I go Annie darling
But I leave the in sorrow
I go for thy sake far away
Then bid me good bye
With a smile on the morrow
And cheer me with blessings I pray
I'll think of thee ever
And pray for the only
As o'er the waters I roam
I'll tarry not darling
And leave thee all lonely
But hasten again to my home

Chorus

Out out on the ocean
Away o'er the billow
My heart on this purpose still bent -
My brow shall find rest
When I seek my lone pillow
In knowing that thou art content
Cheer up Annie darling
Break off from thy sorrow
'Tis sad that our parting must be
But give me thy smile
When I leave thee tomorrow
To sail the seas over for thee
